

Hip Revision Instrument – Cup Grasping Rongeur

Cup Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6035/03	Cup Grasping Rongeur 3mm Width, 35cm Long, Long and narrow Bite with Oval Cup Stainless Steel
TWS 71-6035/05	Cement Grasping Rongeur 5mm Width, 45cm Long, Long and narrow Bite with Teeth Stainless Steel
TWS 71-6035/07	Cement Grasping Rongeur 7mm Width, 45cm long, Long and narrow Bite with Teeth Stainless Steel
TWS 71-6035/09	Cement Grasping Rongeur 9mm Width, 45cm long, Long and narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – X Long Cup Grasping Rongeur

X Long Cup Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6145/03	Cup Grasping Rongeur 3mm Width, 45cm Long, Long and Narrow Bite with Oval Cup Stainless Steel
TWS 71-6145/05	Cement Grasping Rongeur 5mm Width, 45cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6145/07	Cement Grasping Rongeur 7mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6145/09	Cement Grasping Rongeur 9mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – Cement Grasping Rongeur

Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6435/03	Cement Grasping Rongeur 3mm Width, 35cm Long, Long and Narrow Bite with Serrated Cup Stainless Steel
TWS 71-6435/05	Cement Grasping Rongeur 5mm Width, 35cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6435/07	Cement Grasping Rongeur 7mm Width, 35cm long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6435/09	Cement Grasping Rongeur 9mm Width, 35cm long, Long and Narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – X Long Cement Grasping Rongeur

X Long Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6445/03	X Long Cement Grasping Rongeur 3mm Width, 45cm Long, Long and Narrow Bite with Serrated Cup Stainless Steel
TWS 71-6445/05	X Long Cement Grasping Rongeur 5mm Width, 45cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6445/07	X Long Cement Grasping Rongeur 7mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6445/09	X Long Cement Grasping Rongeur 9mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – Cement Grasping Rongeur

Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6335/03	Cement Grasping Rongeur 3mm Width, 35cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6335/05	Cement Grasping Rongeur 5mm Width, 35cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6335/07	Cement Grasping Rongeur 7mm Width, 35cm long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6335/09	Cement Grasping Rongeur 9mm Width, 35cm long, Long and Narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – X Long Cement Grasping Rongeur

X Long Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6345/03	X Long Cement Grasping Rongeur 3mm Width, 45cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6345/05	X Long Cement Grasping Rongeur 5mm Width, 45cm Long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6345/07	X Long Cement Grasping Rongeur 7mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel
TWS 71-6345/09	X Long Cement Grasping Rongeur 9mm Width, 45cm long, Long and Narrow Bite with Teeth Stainless Steel

Hip Revision Instrument – Cement Grasping Rongeur

Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6235/03	Cement Grasping Rongeur 3mm Width, 35cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6235/05	Cement Grasping Rongeur 5mm Width, 35cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6235/07	Cement Grasping Rongeur 7mm Width, 35cm long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6235/09	Cement Grasping Rongeur 9mm Width, 35cm long, Long and Narrow Bite with Tiny Teeth Stainless Steel

Hip Revision Instrument -Cement X Long Grasping Rongeur

Cement Grasping Rongeur is used to extract cement in the tibial and femoral canal.

TWS 71-6245/03	Cement X Long Grasping Rongeur 3mm Width, 45cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6245/05	Cement X Long Grasping Rongeur 5mm Width, 45cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6245/07	Cement X Long Grasping Rongeur 7mm Width, 45cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
TWS 71-6245/09	Cement X Long Grasping Rongeur 9mm Width, 45cm Long, Long and Narrow Bite with Tiny Teeth Stainless Steel
